- Preparar la sustentación del folleto en el idioma inglés. Esta tendrá un valor de **0.6**
- El día de la sustentación debe presentar este taller, el cual tendrán un valor de **0,7**

Responda las siguientes actividades aquí mismo en el taller no lo tiene que pasar, **RESPONDA AQUÍ:**

1. Let's meet Mathew

My name is Mathew but everybody calls me Matt. My last name is Clapton. I was born in Boston USA, on November 12th, 1995. I am 21 years old. I am a tall, slim guy with blond hair and brown eyes. I live with my parents and my siblings. Currently, we live in New York, on 25 Bedford Street. My father's name is George. He is 46 years old. My mother's name is Lisa. She is 43 years old. My sister is Danna and my brother is Tom. Danna is 19 years old and Tom is 16 years old. We have a pet. Its name is Luna. My favorite color is blue. In my free time I like going to the movies, reading and walking. Sometimes, I also

like to visit my relatives and my friends. My telephone number is 550-1267. I study Engineering and Technology at Columbia University. It is a great place to study. My favorite kind of music is pop and my favorite type of movie is horror. I am not very interested in dancing, and I don't like to play tennis either. I prefer playing the guitar and I love playing soccer on weekends.

Answer the following questions according to the text.

1. How do people call Mathew? _____
2. Where was he born? _____

4. Read the text and answer:

Internet

The internet is a complex global network. It is used on a daily basis. Billions of electronic devices connect to the internet. These can be phones, laptops, and tablets. The internet gives a way for people to do two main things. First, the internet lets people access a wide range of content. Second, it lets people talk with others from all over. This is due to tools such as email and social media. The internet makes communication easy. Even so, the internet is very complex. It is made up of many cables. A server is also needed. A server stores data from websites. Its job is to find data from the website. Then, it sends the data to the device. This happens very fast. It only takes a few seconds. The internet lets people get on the web. The web is made of websites. Websites can be made up of content, photos, or other things. Thus, the internet is of great help. It gives a way for people to find content and communicate. People can use many electronic devices to get on the internet. The internet lets people get on the web. The web has content, news, and photos for people to search.

A. Define internet in your own words:

B. How do you connect to the internet?

C. What does the internet allow people to do?

D. What is the web?

E. List two things a website is made up of.

F. In your own words, describe what a server is?
